Total Laminate Systems

The right choice

- Total Laminate Systems approach is to work with their clients, looking at ways of saving money by designing out extra costs that don't need to be there. This has proved very successful in building relationships with clients, this approach has helped secured repeat business year on year for the past 8 years. Our current turnover is approx 12 million.
- Our Major Projects division has seen a healthy growth, and has undertaken projects from 250k to 1.8 million, these include Wembley Stadium
- Total Laminate Systems have 2no manufacturing plants, giving Total Laminate Systems the flexibility to deliver products to tight deadlines.
- Installation Teams only work for TLS, 100% CSCS and each fitter has either the 3 or 5 day H&S accreditation.
- TLS offer competitive pricing backed up with great service and after sales support.
- Nationwide Coverage with a fleet of our own vehicles
- Dedicated Contracts Manager for all of our Projects.
